Lions' Help The Blind' Radio Campaign Sunday 9 a.m.-2 p.m

Appomattox Lions are asking everyone to "help the blind" during a one-day radio campaign Sunday from 9:15-11:00 a.m. and from 12:15 to 2 p.m.

Campaign headquarters will be the TIMES-VIRGINIAN building on Court Street with broadcasts by local Lions on radio station WFLO, Farmville.Other broadcasts will be heard on Lynchburg stations for Region1, District 24-B giving blanket coverage to assure a successful financial drive.

Listeners will be asked to "match a donation" from a Lion's club member with all proceeds going to support Virginia's Mobility Rehabilitation Training Center, now under construction at Richmond. The $1,700,000 center will offer training for the blind to enable them to become independent, though sightless.

As an example of how the campaign will operate, the radio announcer will say, "Lion president Lt. L. E. Thomas says he'll give $5.00 to help the blind. Who will match this?" Then a listener calls in to match the gift, and another Lion will step forward to offer another gift to be matched.

Appomattox listeners can call in to 352-8215 (THE TIMES-VIRGINIAN number) to pledge their gifts for the campaign.

Nine radio stations from Farmville to Danville are cooperating in the District effort, according to Louis Bridgeforth, Lions zone chairman, of Farmville.

Any size donation is more than welcome in the three - county effort to secure funds via the Farmville radiostation. Listeners can telephone in donations of any size, regardless of whether a challenge to "match funds" has been issued in that amount.

Buckingham county, through a Dillwyn radio hook-up, is joining with Appomattox county and Prince Edward in the telethon. The four-hour "Telethon" promises to be fun and a great help to an important project, says Lion president Thomas.

Listeners can telephone their donations to the TIMES-VIRGINIAN building, and there will be automobiles and drivers available to pick up the checks or cash. Others, who wish to, can mail in donations to "Help the Blind" Telethon, Lt. L. E. Thomas, Box 175, Appomattox.

Plans for the telethon were discussed as part of a Farmville meeting attended by Lt. Thomas, W. C. Dudley, Rev. M. G. Stimpson, Paul Drinkard and W.M. Latta.

At that meeting Frank S.Penland, junior high school principal, spoke about his fast-approaching blindness and how the type of training he has received, will be offered at the new Mobility Rehabilitation Training Center.

Miss Flora Belle Williams, retired elementary school principal, of Pamplin, is now in Richmond taking more training for her visual handicap. She has spoken to the Lions Club about the benefits of intensive training for the blind.

Lori Wooten is a smiling telephone user as Chris Dunnam holds a sign to remind everyone to telephone 352-8215 Sunday between 9 a.m. and 11:00 a.m. and 12:15 to 2:00 p.m. Your gift to "help the blind" will be broadcast over WFLO, Farmville as part of a Lions Club district campaign to raise money for a rehabilitation center for the blind. Lori's parents are Mr. and Mrs. Robert Wooten. Chris is the son of Mr. and Mrs. Robert Dunnam.

Fair Share Goal Set At $2400

The Appomattox Unit, Va. Division, American Cancer Society, adopted a suggested Fair Share Goal of $2400 for the April Cancer Crusade in Appomattox County.

Dr. C. G. O'Brien, Unit president announced that Capt. W. W. Blythe has accepted the post of Crusade chairman. Mrs. J. Lloyd Hudson, last year's chairman has said that she will help with the drive which will seek $200 more than last year's successful drive for $2200.

Mrs. Frank Chuchek suggested at Monday evening's meeting at the Appomattox County Library that more publicity be given to the Cancer Unit's Memorial Fund. She said that more information about this fund may cause people to think to give donations to the Cancer Society in lieu of flowers upon the death of a loved one or friend.

H. Brod Pack, service chairman, said that he will be needing assistance to label and file items for the loan closet. Mrs. Chuchek volunteered to assist with this.

Next meeting of the Unit is set for March 15. Attending Monday evening were Dr. O'Brien, H. Brod Pack, Mrs., Chuchek, Capt. Blythe, Dr. A. A. Fratrick, Roy Moon, Mrs. Hester Stevens, Mrs. Raymond Noble, Eugene Peyton.

Town Elections Set For May

Appomattox Town Council voted Monday evening on a "do-it-yourself" building project designed to take better care of town equipment and to save money in construction costs.

Town workers will be working half-days, as time permits to construct a four-stall storage shed to house a tractor, garbage truck, the town police car, plus equipment. Town manager C. S. Booth reported to Mayor H. B. Pack and Council that the new structure will replace the present storage building on Linden Street which is in bad shape.

Present plans call for a building of galvanized iron supported by creosoted posts with concrete flooring.

Council opened bids for a new pickup truck to be used by Harold Nash, supt. of public works. Moses Motor Co. was the low bidder.

Property committee chairman is R. C. Hubbard with Ivey Holland and Thomas E. (Sonny) Conner.

Mayor Pack announced that town elections this year will be held in May, rather than June, as has been customary in years past. Town elections are held every two years, with the mayor's seat and six-member council seats to be filled.

The change is brought about, he said because of a change in state primary elections, which used to be in July and will be held in June of 1971. Mayor Pack said that Murrell Ferguson, secretary of the Electoral Board, has notified him that many changes have been made in election laws and procedures which will affect county and town elections.

Mayor Pack said that in action taken in the December meeting Council has approved several changes in zoning in the town of Appomattox. The approval followed a public hearing held in September and action by the Appomattox County Planning Commission to approve the changes.

A portion of the property at the corner of Burke and Linden Streets has been changed from business B-1 to residential R-2 and on Burke Street from residential R-1 to residential R-2.

Both sides of South Church Street, from Evergreen Ave. approximately 600 feet from R-1 to R-2.

"Parks and Playgrounds" are now included in Business B-1 and Industrial M-1 zone designations.

Local School Children To Have Part In Memorial

The local American Legion Post 104 has announced that all students in the county's public and private schools, will have the opportunity to participate in the fund drive to erect a memorial to the memory of Appomattox servicemen killed in action in all foreign wars.

Post Commander Dr. Mark Weatherly, stated that the inclusion of all school children is not specifically for the raising of money. "That is not our purpose here," the post commander remarked. "We expect to get hardly more than the cost of the envelopes and printing. We feit that every child and each of the young people in our schools would like to have a part in honoring the memory of their own people, who gave their very lives to protect and defend the pursuit of life, liberty and happiness each of us enjoys. The central idea is to give them the opportunity to make a contribution, no matter how small. By doing this, they will have a first hand experience of sharing in this community effort toward erecting a permanent monument."

Printed on each small envelope is the quotation, "That we

Visitation at the Park dropped slightly after the Civil War Centennial years, but the number of visitors during 1970 equalled visitation in 1965, the Centennial Year.
